

From: Friends of King School District
To: Parents and guardians of minor students
When: 3-5 days before testing starts

Subject:

Register your child for our COVID-19 testing program today
Hello Dr. Martin Luther King Jr. Charter School for Science and Technology Lower School Parents,

Our Dr. Martin Luther King Jr. Charter School for Science and Technology Lower School Testing Program begins 09/02/21. In order for your child to participate in testing, you will need to register them for the program.

Click <https://home.color.com/covid/sign-up/start?partner=ldh-drm-389-students> to register your child for the program.

A parent or legal guardian must register any minor under 18 years old. You will be asked to complete a one-time consent and HIPAA authorization form in order for the test results to be shared with the school and district. Testing is voluntary, yet, maybe required, but highly encouraged to keep our school community safe. The testing performed will be non-invasive anterior nasal PCR testing.

We will be testing weekly per the School's dedicated schedule. Results will be delivered to you by text or email within 24 hours and the Omega Diagnostics team will follow-up with you directly if your child has a positive result.

If you have any questions or concerns, please reach out to 225-910-8378 or email at ldhccovid@paffordems.com.

Thank you for your participation to keep our school community safe and healthy.
